Invasive species harm our environment, economy and society – take action to prevent their spread!

- **REMOVE** plants, insects & mud from boots, gear and pets.
- **CHECK** your tires on bikes and ATVs and remove any plant parts before moving to a new area.
- **CLEAN** your gear before entering & leaving the recreation site.
- **STAY** on designated roads & trails.
- **BUY AND BURN** local firewood.
- Learn to identify common invasive species and **REPORT** them!
